

Agenda

Primo
Practical Recommendations in
Immuno & Molecular Oncology

Thursday, February 9, 2017 – Arrivals

3:00 – 8:00 PM	Exhibit Setup	
5:00 – 8:00 PM	Opening Reception	All Attendees

Friday, February 10, 2017

6:45 – 7:45 AM	Continental Breakfast	All Attendees
6:45 AM – 3:30 PM	Exhibits Open	
7:45 – 8:00 AM	Welcome and Program Overview	

The Immune System and Melanoma

8:00 – 8:25 AM	Immunology 101 for the Non-Immunologist	Sanjiv Agarwala
8:25 – 8:55 AM	Current Approach to Melanoma: Immunotherapy, Targeted Therapy, and What's Next	Sanjiv Agarwala

Lung Cancer/Head & Neck Cancer

8:55 – 9:20 AM	Lung Cancer Biomarkers for Decision Making: Black and White or Shades of Grey?	Leora Horn
9:20 – 9:45 AM	Today's Targeted Treatment of Non-Small Cell Lung Cancer: The Continuing Revolution	Suresh Ramalingam
9:45 – 10:15 AM	Immunotherapy in Lung Cancer: Now and in the Future	Julie Brahmer
10:15 – 10:40 AM	Lung Cancer: So Many Options, How Do I Choose?	H. Jack West
10:40 – 11:00 AM	Break	
11:00 – 11:25 AM	Advanced Head and Neck Cancers: Targeted Therapy, Immunotherapy, or Both?	Tanguy Seiwert
11:25 – 11:50 AM	Incorporating Immunotherapy and Targeted Therapy From a Surgical Perspective	Paul Morris
11:50 AM – 12:25 PM	Applying Concepts Through Case Reviews	Shane Morita Faculty Panel Discussion

12:30 – 1:30 PM	Product Theater Supported by Ariad (Lunch Included)	H. Jack West
Non-CME Event	<i>Disease Progression and Challenges in ALK-Positive NSCLC</i>	

Gastrointestinal Malignancies

1:30 – 1:55 PM	Individualizing Treatment for Patients With Metastatic Colorectal Cancer	Alan Venook
1:55 – 2:20 PM	Hepatocellular Carcinoma Treatment Options: Current and Future Immunotherapy	Kaylyn Wong
2:20 – 2:45 PM	New Strategies for Advanced Neuroendocrine Tumors	Alan Venook
2:45 – 3:15 PM	Applying Concepts Through Case Reviews	Faculty Panel Discussion
3:15 – 3:30 PM	Key Summary of Day 1 Sessions	Julie Brahmer Alan Venook Sanjiv Agarwala

Agenda (continued)

Primo
Practical Recommendations in
Immuno & Molecular Oncology

Saturday, February 11, 2017

6:45 – 7:45 AM
Non-CME Event

**Sponsored Product Theater Supported by Amgen
(Full Breakfast Included)**

Farshid Dayyani

Considerations in Care: Appropriately Individualizing Selection of Anti-EGFR Therapy

6:45 AM – 3:15 PM

Exhibits Open

7:45 – 8:00 AM

Welcome and Program Overview

Hematologic Malignancies

8:00 – 8:15 AM

Women in Oncology Award Presentation

Introduction: Charles Balch
Award Presentation:
Julie Brahmer and Julie Vose

8:15 – 8:45 AM

Advances in the Personalized Treatment of Hodgkin and Non-Hodgkin Lymphoma

Julie Vose

8:45 – 9:10 AM

Current Clinical Practice for Patients With Chronic Leukemia

Mazyar Shadman

9:10 – 9:35 AM

Chronic Lymphocytic Leukemia and Immunomodulatory and Active Immunotherapy Treatments

Farrukh Awan

9:35 – 9:55 AM

Break

9:55 – 10:20 AM

Treatment of Newly Diagnosed Multiple Myeloma, an Evidence-Based Discussion

Sagar Lonial

10:20 – 10:45 AM

Emerging Updates in Personalized Treatment of Multiple Myeloma

Rafael Fonseca

10:45 – 11:15 AM

AML and MDS Therapeutic Strategies: How Disease Biology Enables Personalization of Treatment

Naval Daver

11:15 – 11:55 AM

Applying Concepts Through Case Reviews

Elliot Epner
Panel Discussion

12:00 – 1:00 PM
Non-CME Event

Sponsored Product Theater Supported by Janssen (Lunch Included)
Darzalex®-Based Triplet Therapy for Multiple Myeloma Patients at First Relapse In Combination With Rd or Vd

James Berenson

Genitourinary Malignancies

1:05 – 1:30 PM

Treatment Challenges in Castrate-Resistant Prostate Cancer: Choosing and Sequencing Therapy

Ravi Madan

1:30 – 1:55 PM

Metastatic Renal Cell Carcinoma: One Patient, Many Options

Sanjiv Agarwala

1:55 – 2:20 PM

Bladder Cancer: Opportunities and Innovations With Immunotherapy

Ravi Madan

2:20 – 3:00 PM

Applying Concepts Through Case Reviews

Panel Discussion

3:00 – 3:15 PM

Key Summary of Day 2 Sessions

Julie Vose
Sanjiv Agarwala

Agenda (continued)

Primo
Practical Recommendations in
Immuno & Molecular Oncology

Sunday, February 12, 2017

6:15 – 7:15 AM
Non-CME Event

**Sponsored Product Theater Supported by Takeda
(Full Breakfast Included)**

Stephen J. Noga

Proteasome Inhibition With NINLARO® (ixazomib)

7:15 – 7:30 AM Welcome and Program Overview

Breast Cancer

7:30 – 7:55 AM The Promise and Challenge of Neoadjuvant Chemotherapy in Breast Cancer Sara Hurvitz

7:55 – 8:20 AM Molecular Profiling of Breast Cancer in a Multiethnic Population Clayton Chong

8:20 – 8:45 AM Is Less Really More? Risk Stratification and Adjuvant Therapy for Breast Cancer Julie Gralow

8:45 – 9:10 AM Expanding Treatment Options for Advanced Breast Cancer With Targeted Therapies: Hormone Receptor Positive Disease Hope S. Rugo

9:10 – 9:35 AM Triple Negative Breast Cancer and the Role of Immunotherapy Rita Nanda

9:35 – 10:15 AM Applying Concepts Through Case Reviews Panel Discussion

10:15 – 10:35 AM Break

Practical Considerations

10:35 – 10:55 AM Changing Physician/Patient Dynamics in the Era of Personalized Medicine and Social Media H. Jack West

10:55 – 11:15 AM Remote Cancer Care Collaboration Charles Balch

11:15 – 11:35 AM Practical Considerations With Biomarkers and Targeted Therapy: Barriers and Opportunities in the Community Suresh Ramalingam

11:35 – 11:55 AM Practical Implications for Integrating Immunotherapy in the Clinic: Lessons Learned Sanjiv Agarwala

11:55 AM – 12:15 PM Key Summary of Day 3 Sessions and Take-Aways From the Meeting

12:15 PM Departures
