

You are invited!

A case-based discussion examining actual patients with advanced NSCLC

Come join us for a compelling discussion about incorporating immunotherapy into clinical practice, including:

- Approaches to personalizing care in patients with advanced NSCLC
- Clinical evidence from two large phase 3 clinical trials
- Patient cases from real-life practice and clinical trials

Presented by:

Edgardo S. Santos, MD, FACP

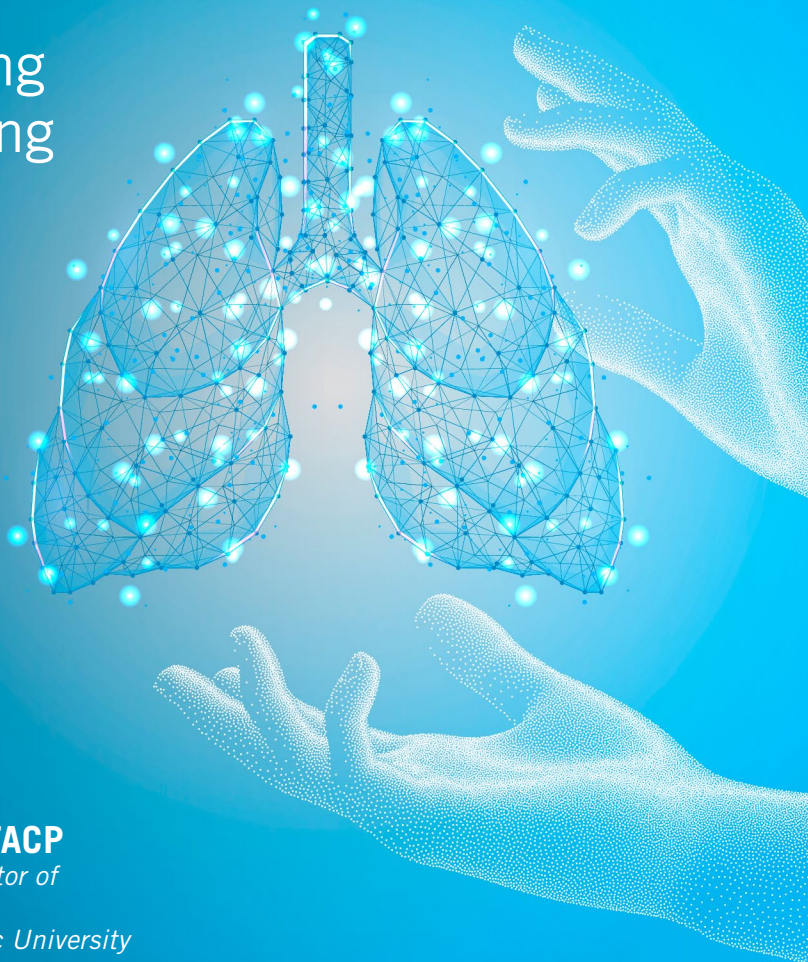

*Thoracic Oncology/Medical Director of Research Services
Genesis Care US; Florida Atlantic University
Aventura and Boca Raton, FL*
